

OCTOBER 2019 NEWSLETTER

Fall and football...who could ask for more? Maybe just a little rain and a break from record breaking temperatures.

Despite the heat, our scheduled events continue to draw shooters. The Golf Ball Match had the single largest turnout since the beginning of the match – 11 shooters in the 100 yard phase – and some great shooting. Thanks to those that came to shoot and to those that invited and brought new shooters. The core group of shooters in this match finally got what we had been wishing for! Steel Challenge and The Bowling Pin Match were good contributors as well. These events not only help grow our membership but our club coffers as well.

OCTOBER SCHEDULED EVENTS

STEEL CHALLENGE October 6 Set up / registration begins at 1PM, safety briefing @ 1:45PM. New shooters should arrive early. \$15 per gun. Pre-register by Practiscore if possible.

BOWLING PINS October 13 @ 2PM. Safety briefing prior to match. Entry fee is \$10 per shooter per gun. Eye and ear protection required for shooters and spectators. THIS IS THE LAST MATCH OF THE YEAR!

GOLF BALLS *NOTE NEW START TIME* October 20 @ 1PM. 100 yard event begins @ 1PM with 200 yard event to follow immediately. Shorter days and more shooters dictated a change in start time! Shooter meeting before 100 yard match. Entry fee is \$10 per rifle per event.

The October AGCA (Alabama Gun Collectors Association) Show is scheduled for October 5th and 6th at the Hoover Met.

The access road is in good shape. Hopefully, construction will resume at the range in the fall. That is the plan. I continue to ask everyone to pick up after

themselves and do their part in keeping our facility clean. Once again, we do not have trash pick-up at the range. Take it with you!

As we approach November, and more importantly, as we approach 2020, the most important message I can send to you as a gun owner is this: VOTE. Encourage everyone you know to vote. The single most important tool you have as a citizen is your vote. USE IT. No vote means no voice. If you don't speak up, suffer the consequences...

The Democratic Party's game plan has been simple from the day President Trump was elected. Mire Washington D.C. in endless, useless (and expensive) investigations to prevent progress. Fortunately, the only thing they have succeeded in doing is completely fracturing and destroying their own party. When their best candidates cannot avoid flights of fantasy, dreams of Socialism, and promises of endless 'free' stuff, you begin to wonder when the lights are going out. When they make it clear that they intend to raise the taxes of working people and confiscate your legally owned firearms, there is a serious disconnect between the Democratic Party and every day Americans. And then... waiting in the wings, making broad hints, is none other than (wait for it) HILLARY! Selling out the United States once wasn't enough for her I guess...but some people can never have enough blood on their hands or treason in their resume.

There is no moral middle ground. Indifference is not an option.

See you at the range!
