

MAY 2021 NEWSLETTER

May, Spring, and progress! That is a winning combination. The club has finally been able to move forward with some long-anticipated, much needed repairs and projects. The slab which will be the foundation for our clubhouse is in place. Some repair work has been done on the berms on Ranges C & D. Hay has been acquired to prevent erosion on those berm faces until grass growth can be established. Some road work has been done to make access easier for everyone. The search for a fence company continues. A work day will be scheduled shortly. We will need your help.

SCHEDULED EVENTS FOR MAY

5/2 @ 2PM STEEL CHALLENGE

The ACSC May Steel Challenge match is scheduled for Sunday, May 2nd, at 2:00pm. Setup and on-site registration begin at 1:00pm. Safety briefing starts at 1:45pm. If possible, preregister for the match on the Practiscore website (<https://practiscore.com/acsc-steel-challenge-may.../register>).

5/16 @ 2PM BOWLING PINS

Safety briefing prior to event. Walk-through for new shooters prior to start-up. \$10 entry fee per shooter per gun. Eye and ear protection mandatory for participants and observers. New shooters and young shooters welcome! For more information, contact Tim Courtney or Scott Watson.

5/23 @ 2PM GOLF BALLS Rimfire Rifle

100-yard event begins at 2PM. 200-yard event follows immediately. \$10 entry fee per event. No equipment? No ammo? No problem! Come on out! We, as a group, would like to introduce you to the sport of rimfire benchrest shooting. Young shooters and new shooters are welcome! For more information, contact Scott Watson or Tim Courtney,

One of our biggest stumbling blocks in attracting female shooters has been the lack of indoor plumbing. The Porta-Pottys are a weak attempt to fix this – particularly in the heat of the summer. One of the main objectives of a “clubhouse” is to meet this need. That and storage to replace our crushed storage building. It will give us, as a club, a place for a bulletin board that does not serve double duty as a target. We are long overdue for this, and it is an absolute must. Personally, I am looking forward to having this facility on site. I know my wife is.

Our current regime – I refuse to refer to it as an administration – has decidedly turned left. Refusing to acknowledge that, we, the people, do not need governmental approval to celebrate Independence Day is ridiculous. Banning crowds of patriots while allowing thousands upon thousands of illegal aliens to swarm across our borders is asinine. Let’s mobilize and send all the help we can to India, but...do we know how many unvaccinated Indians and Pakistanis are coming into the country illegally? Nowhere near as many unvaccinated Mexicans, Guatemalans, Nicaraguans, Venezuelans, etc., but the Catch-22 is – we don’t know. The government doesn’t know. Pushing to vaccinate Americans while having unprotected borders is akin to putting up chain-link fences to keep mosquitos out of your yard. Or wearing cotton masks to prevent an airborne virus from spreading. Kinda like a screen door on a submarine. Frustrated? Me? Not a bit...

‘We could have pursued no other course without dishonor. And sad as the results have been, if it had all to be done again, we should be compelled to act in precisely the same manner.’

Robert E. Lee

See you at the range!
