

JULY 2021 NEWSLETTER

The birthday of our country is upon us. Celebrate and enjoy, but remember how we got here, the price that has been paid, and the generations that came before us.

Part of the hay has been spread at the range. We have a volunteer to spread and seed the remainder. The club is looking for someone to pick up the grass cutting job. If you – or someone you know – is interested, please have them contact Woody Baird. Woody is in touch with someone to pour concrete for the club. There will need to be a major work day prior to any concrete being poured on Ranges C & D. A date is forthcoming.

All of our structured programs continue to be successful. Participation in these events helps support our club. In addition to 50% of all entry fees (for the pin match and golf ball match, I know) we have instituted a physical clean-up of the range in use for the activity prior to the event. I have made it a point to carry a trash bag with me so all we pick up leaves with me. Your participation helps us survive!

STEEL CHALLENGE 7/11/2021 2PM

The July 2021 ACSC Steel Challenge match will be held on Sunday, July 11th, at 2:00pm. Cost is \$15 per gun. Setup and onsite registration begin at 1:00pm. Safety briefing starts at 1:45pm. If possible, please register on Practiscore prior to the match.

BOWLING PINS 7/18/2021 2PM

The July Bowling Pin Match will be held Sunday July 18 @ 2PM. There will be a safety briefing and walk-thru for new shooters immediately prior to the match. Eye and ear protection required for spectators and competitors. Entry fee is \$10 per gun.

GOLF BALL / RIMFIRE RIFLE MATCH

The July Golf Ball Match will be held July 25 @ 3PM. PLEASE NOTE CHANGE OF TIME! 100-yard event will begin @ 3PM. 200-yard event will follow immediately after. \$10 entry fee per event. Any questions? Contact Tim Courtney or Scott Watson.

Repair to the fence / gate at the entrance is ongoing and should be nearly complete. This will make a tremendous improvement in being able to open and close the gate.

Let me remind everyone that I share my opinions openly and freely on this newsletter. My opinions do not reflect anything other than that – my opinion. As author of the newsletter, I use it as a vehicle for my voice. That being said – here we go. If a Republican administration threw around terms like trillion as easily as the Biden administration does, half of Congress, all of the Fed, and most of the GAO, would have had an aneurysm by now. Calling a huge Democrat Wish List an Infrastructure Bill reeks of pure, unadulterated organic fertilizer. Bailing out the idiocy of Democrat strongholds like New York City and San Francisco should not fall on the shoulders of the rest of American taxpayers. Their state, their elected officials, their failed policies, their debt – let them figure it out. At least, let them change direction. And this is just the tip of the iceberg in this multi-trillion dollar pork barrel spending bill. It cannot happen. The mid-terms must change the division of power in the House and Senate.

“I get up every morning determined to both change the world and have one hell of a good time. Sometimes this makes planning my day difficult.”

E. B. White

See you at the range!

Tim Courtney
